I RISE TO REMARK

BY JOHN PHILLIPS

The hastily written comment, in my weekly letter of April 29, created more interest than I expected. It is a curious thing, I'll admit it, that members of the congress had to set up a couple of analysts and several stenographers, just to check and find out if information from the White House, or the state department, or brought to the floor by a reputable committee of the House of Representatives, was accurate in its conclusions, or factually accurate.

It is even more interesting that members who have used material resulting from the investigations of this temporary office, should meet with resistance in its distribution. The anti-Republic elements in our society today have worked patiently and successfully, over the years. It is a rare office today, whose job deals with news, or with education, or with spread of knowledge, which does not have a well-placed sympathizer who can, at some lower level, influence policy, shade a report, or even drop quietly into a convenient waste basket, any item which might not agree with the plans of the groups or individuals who prefer stateism to freedom, whose hearts lie in some cause of some nation outside the borders of the United States, and who very frequently think with a Russian accent.

Why should not you, the men and women of my District, be able to read in the newspapers that exports of American oil, to the 16 nations in the so-called Marshall Plan, during the first year or ERP, are expected to be 21,700,000 metric tons and to cost our taxpayers $479,000,000? To this must be added the costs of handling, shipping, etc. It would take 2300 tankers of 10,000 tons capacity each to take that oil to Europe.

The United Kingdom is in the list for $130,500,000 worth of American oil. The British press has protested this waste of American money, because Britain could get the oil she needs, in her own sterling area.

This is not the worst: in this first year, the United States is to export $192,200,000 of petroleum equipment to these Marsnall Plan countries. Of this, England is to get $120,100,000 worth. England, in the same plan, is to EXPORT $156,800,000 worth of petroleum equipment. I repeat: we send Britain $120,000,000, and she exports $156,800,000, and of that later amount, $70,400,000 is to come back to this Western Hemisphere. The remaining $86,400,000 from Britain, is to go to "non-participating countries," that is, non-Marshall Plan countries. Does this mean other nations of this hemisphere will get some of the equipment we send to England; does it mean Russia will get some?

Oil, that is to say, gasoline and lubricating oils, will be the life blood of a nation if another conflict were to come. This nation could sustain itself for little over one year, under present estimates. After that there would rapidly be less and less for any purpose but war, and even that would eventually decrease. These facts were printed for anyone to see. I said in my letter of April 22 that the state department (with entirely too many people whose reason for employment during the war was only that they spoke or read some foreign language, possibly Russian) seems to work on the secure assumption that members of congress do not have time to read the details of the reports and statistical compilations sent them.

I rise to remark that it is a significant and dangerous thing that in the year 1948, in "free" America,

JOHN PHILLIPS

Organization of committees to work for reelection of Congressman John Phillips was being completed today throughout all Orange county, as the primary election campaign swung into its "high gear" stages for the June 1 vote.

The Phillips - for - Congress volunteers will issue literature, do active precinct work and otherwise operate to inform the public as to the outstanding record of the veteran Representative, still in Washington after twice cancelling recent plans to tour his district.

As vice chairman of the House Committee on Appropriations, Phillips has had a major bulk of the work of that group, since he is an accountant as well as a Congressman. He thus is in position to "fine-tooth-comb" the budgets of the multiplicity of bureaus and departments of the government.

This committee also has been at work to eliminate some overlapping federal agencies and bureaus.

It is, however, but one of the several important committees on which Phillips is a ranking member by reason of his long service.

the people of the 22nd district of California should be receiving in this letter factual information which could be of the most vital importance to their own future, when this same, information is denied them from the customary sources. If I were you, the next time I saw the editor of the paper in which you are now reading this weekly letter, I'd thank him.

Many In Attendance At Meeting On Sanitation

The regular meeting of the Cypress chamber of commerce took the form last Monday evening of an open meeting in the auditorium of the school house to which each individual in the community had been invited. In addition, interested citizens from Los Alamitos and Stanton were in attendance, besides dignitaries from surrounding towns, including James A. Baker, supervisor representing the third district. The topic under discussion was that of a sewerage system in sanitation district number 3, as set up by the county of Orange.

The meeting was called to order by the president of the local chamber of commerce, Jack Fullerton, who announced that any regular business of the group would be dispensed with. The principle speaker of the evening, Richard Pomeroy, of the county engineer's office, was introduced by Frank P. Noe. During the initial part of his talk he reviewed the history of the plan up to the present time, explaining what is known as the "limited participation plan," which consists of a 12 cent tax per $100 assessed valuation to pay from the ocean to Ellis avenue.

Since Dr. Pomeroy was here to speak to the members of the business men's association last week, he had obtained new information to present which pertained to Cypress. The county engineers had made a tentative and preliminary study on costs of building a pressure main from Cypress, which would pump east to the proposed main line on Magnolia avenue. The result of this study showed that the cost to the tax payer would be approximately $1.90 per $100 assessed valuation, which figure does not include the additional 12 cent rate, or does it include the cost of putting in sewers from the house to the street and in the streets. A very general estimate of another $1.90 per $100 assessed valuation was made here. The average family holdings in Cypress and surrounding territory were estimated at $2000 if using these estimates. At any rate, the cost the first year to the individual taxpayer would be about $7 per month.

Another plan, which appears both feasible and practical, but for which no figures were quoted, was for a gravity line to extend from Cypress down Moody, to Katella. Under this system, both Los Alamitos and Stanton could tie in with Cypress to pump along Katella to the Magnolia line.

It was pointed out by Dr. Pomeroy that the cost will fall off in succeeding years, due to the retirement of bonds and increase of assessed valuation which would bring the figure to half as much at the end of a five-year period. The sewers will ultimately be bought back by the county sanitation district, under this plan. This would mean that in a matter of approximately twenty years or so it is possible that the cost of the sewers would be reduced to very little or nothing at all.

Because the meeting was an informal and open one, many questions were asked and opinions expressed.

A hearing before the county board of supervisors for sanitation district three was set for Tuesday afternoon, but was postponed until May 17.

TOO LATE TO CLASSIFY

FOR SALE — 6' x 10' box trailer. 3' sides. License this year. 6591 Burnham. Phone Buena Park 2140. 27-1-b

Another V.F.W. Meeting Scheduled Wednesday Night

The new chapter of the Veterans of Foreign Wars in Cypress exceeded its goal of twenty-five charter members at a meeting held last Wednesday night at the school house. There is still an opportunity for all interested and eligible ex-servicemen in this area to become members. A special meeting is being held this Wednesday night, May 19, at the school house, for the express purpose of registering prospective members.

The date for initiation of members has been set for June 13, which is on a Sunday. Elaborate plans are being made for this occasion, and the new officers will be installed at the same time.

Fireman's Ball Is Saturday Night

The members of the Cypress volunteer fire department are sponsoring a dance at the school house Saturday evening, May 15, at 9 o'clock. Music will be furnished by Bee's High Hats. The proceeds of the dance will be used to purchase added fire fighting equipment and to equip the new fire house which is in the process of being built here.

A pleasant evening has been arranged for all who attend, and besides the good time, the proceeds will go for a worth-while community enterprise.

Flying Field For Model Planes In Harding Area Soon

Either the people living in the country are not susceptible to noise or just do not let it bother them for Lyman Booth had no difficulty in securing 65 names of neighboring residents on his petition for a permit to operate a model airplane flying field on Grand avenue near Lincoln avenue on property owned by Henry Plou. Word that the permit had been granted by the planning commission has been received and the Prop Choppers, a club composed of model airplane enthusiasts, are assured of a suitable place to fly their planes.

Booth, himself a builder of several model planes, decided that it was an excellent way for the youngsters of the vicinity to occupy their spare time, and organized the Prop Choppers. He succeded so well that last month, the club numbered 35 members in good standing and members not only included youngsters but many grown-ups as well.

Dedicate New Fire House In Alamitos

Dedication of the new fire hall of the Los Alamitos Volunteer Fire Department took place Saturday evening.

A number of prominent people were present and spoke briefly to the large number of people who attended. Introduced were Joe Sherman, chief forest ranger of Orange county; assistant ranger, Ray Suess; Willard Smith and Willis Warner, members of the board of supervisors; and Professor C. Metcalf, faculty member of the University of California, expert on fire fighting. The latter pointed out that between 30,000 and 40,000 people were arriving each month in California from states where there is no fire hazard during the summer and these people must be warned of the great danger of forest fires, especially this year when we have had so little rain. Every one must take it upon himself to see that great care must be taken by all campers and picnickers in extinguishing all fires.

William L. Beaudette of the Los Alamitos Naval air base, showed films of the fire fighting equipment and methods used by the navy both on land and at sea.

Open house was held during Saturday afternoon with approximately 200 persons inspecting the premises and enjoying the punch and cookies served by the Firemen's Auxiliary.

A large crowd attended the dance in the evening which was held in the large front room of the fire hall. Music for the occasion was furnished by the Los Alamitos naval air band and orchestra directed by J. O. Skillan. Chief Beaudette is the band leader.

A thirteen-foot high replica of the Great Seal of California, miniatures of Sutter's Fort and Sutter's Mill, and figures of miners, gamblers, padres, Indians, Chinese coolies and other colorful characters of the gold rush period are outstanding features of huge float now being constructed by the California Centennials Commission and shown here in an artist's sketch. The float, scheduled for completion July 1, will be available to Southern California communities for events honoring the state's Gold Centennial.

IT'S BEING SAID - - IN CYPRESS

That there is at least one super athletic combination in town that we can support and root for. The fourth grade Cypress Gophers played the Anaheim Friendly Indians, also fourth grade, in a game of softball at the school grounds last Thursday afternoon. Although tagging badly at the end of the fourth inning, the Gophers came from behind with a mighty show of power to win 11 to 8. That's a team we can really "go fer." (They play smart softball, too.)

That Dick Hathcock's heart is in the right place. Sunday he escorted five fans and future baseball material to Gilmore Field in Hollywood to see the games between the Hollywood Stars and the Los Angeles Angels. We know this must have been a real chore (?) for Dick to sit through two games in this very tight Pacific Coast league series, and we'll bet the kids had the time of their lives.

That when you're fortunate enough to be a mother and have a birthday on such a special day as Mother's Day, it's cause for real celebration. So Oren and Joan Harvey hied themselves to the police show at the shrine auditorium in Los Angeles to honor Mrs. Harvey, last Sunday.

That we were quite overcome with emotion one day this week when Mrs. Roy Coniam, over on Vonnie Lane in Cypress Manor, came in to place an ad in our little "rag," and confessed to the fact that she and her husband are keeping a complete file of the "Enterprise" for posterity. We were overcome first because they have such faith in Cypress and believe it will eventually amount to something, and second because they so honored our little newspaper! That's the best news we've heard. The way Mrs. Coniam and her navy husband are so enthusiastic about their property over in the subdivision, they make it sound like living could really be fun — gardens, pet rabbits and a little dog. A town needs many just such enthusiastic boosters.

School Election To Be Held Here Friday, May 21

The annual election for members of the board of trustees of the Cypress elementary school district will be held at the school house on Friday, May 21. The polls will be open between the hours of 12 o'clock noon and 6 p.m.

The officers appointed to conduct the election are Mrs. Julia E. Bouse, inspector; Mrs. Dorothy Lukins and Mrs. Nellie Noe, judges. Only one member to the board of trustees is to be elected. The incumbent, Dan Mackay, has served as a trustee for five terms in a creditable manner and is also secretary of the board.

Young Dick Hathcock fell from his bicycle one day last week, cutting his wrist. Two stitches were required to close the wound.

Only Three More FREE ISSUES

For the past few weeks the Cypress Enterprise has been delivered to your door free of charge, as a means of introducing the local paper to you. This practice will be continued for the remainder of the issues published in May.

In the meantime, one of our local organizations, the Cypress elementary school P-T.A. has been prevailed upon to send an authorized representative to call upon you for your subscription of two dollars ($2.00) per year, so that you may continue to receive the paper regularly through the mail. Mrs. Richard Hathcock is chairman of the committee in charge of the subscription campaign. Remember, only three more free issues delivered to your door!

THIS AND THAT

From a snug little English cottage on Three Arch Bay near Laguna Beach. Holiday Stage has enticed Connie and Glen Wells to join its permanent acting company for a second season of professional play production opening June 28 at Tustin. Married early in their professional careers, Mr. and Mrs. Wells soon became famous as a husband-and-wife duo. For many years they played the Redpath Lyceum and Chatauqua circuits as a two-person cast, presenting musical preludes followed by a three-act play, "Atonement", especially written for them by the English playwright, Herbert Thomas. Over several years, they gave two performances every day, seven days a week. At the matinee they played their own two - person, two - hour show, and at night joined a New York cast. In later seasons, and again touring thousands of one - night stands, this famous couple headed their own company, known as the Glen Wells Players.

To prevent over payments of subsistence allowances, the Veterans Administration urges ex- G. I. students and their schools to notify the Veterans Administration as soon as a veteran breaks off or completes his training program. All such overpayments must be refunded to the government.

Frances McCann, glamorous and beautiful singing star, has accepted the invitation of the president of the Monrovia Day Association to be grand Marshal at its celebration Saturday, May 15. A crowd of 50,000 is expected to help Monrovia celebrate its 62nd birthday anniversary. Miss McCan was born in Monrovia and is a home-town girl.

Meat prices probably will climb n the next few weeks as packers' ompetition for reduced supplies of livestock increases, a recent agriculture survey revealed.

Previously predicted spring shortages of beef became apparent last month, a farm study for April showed.

Weather in April was regarded as favorable, with rainfall ranging from a trace to two and one-half inches in the southland benefiting all crops, principally grains and pasture lands.

Seasonally higher marketing and processing of hogs eased effects of the cattle shortage, which boosted prices to the highest levels since January.

With impressive ceremonies before a large crowd of scientists, industrial executives, high military officials, and navy workers, the Navy dedicated last week the huge new Michelson Research laboratory at the United States Ordinance test station located in the heart of California's Mojave Desert. Named in honor of the late Dr. Albert A. Michelson, noted American physicist and Nobel prize winner, the laboratory is said to be the most complete scientific research facility of its type in the world. Navy scientists havedeveloped a novel all-electric camer capable of accurately "magnifying" time four million times. Invented by Dr. A. M. Zarem, this camera heads the list of a series of ingenious precision time measuring instruments and devices used in photographic "Mi-crotime Technique" it was announced at the dedication ceremonies.

Loss Of Real Pioneer With Death Sunday Of Mary Marie Stodart, 85

Mrs. Mary Marie Stodart, 85, of 5352 Bishop St., Cypress, died May 9 at the home of Mrs. Lucy M. Miller on Orangethorpe Ave.

Mrs. Stodart was born in Washington Territory. Her mother, Marie Condra, brought her, and her brother to Los Angeles by covered wagon when she was four years of age. This was in 1867. The family camped on Aliso street among wild oats and mustard.

The father subsequently located the family on a ranch in Whittier.

Mrs. Stodart married John Davidson in 1883, and a son, Frank, was born before the husband died. She later married Archibald Stodart, by whom she had four children. Mrs. Stodart moved to a ranch in the Cypress area in 1895.

Surviving are sons, Frank Davidson of Long Beach, John Stodart of Cypress, Charles, of Buena Park and George, of Anaheim. A daughter, Mrs. Grace Davis of Cypress. There also are seven grandchildren and two great-grand children. Services were held Wednesday at 10 A. M. in the Renaker Chapel, Buena Park. Rev. Howard S. Congdon, pastor of the First Presbyterian church of Anaheim officiated and the interment was made in the family plot in Anaheim Cemetery.

Cypress School Has Successful Fete Netting Large Sum

A very successful carnival, both from the financial and entertainment points of view, was staged by the Cypress Parent Teacher association last Friday night. A large number of people attended the dinner served in the cafeteria and remained to try their luck in the various concessions. Another attraction was the talent show in which pupils from all grades took part, which included a fashion show with male models, and the crowning of Vevah Gail Bodkins as Queen of the carnival with the runners-up, Peggy Flynn and Carolyn Head as princesses.

Approximately $300 was realized from the event with the money to be used for the purchase of a small piano which will be put on rollers so it can be easily moved from room to room as needed. This will eliminate taking the children to the auditorium each time piano music is needed.

Cypress Library Reveals A Remarkable Growth

Make Headway On Additions To School Buildings

Work is going forward by the contractors on the new addition to the buildings on the schoolgrounds of the Cypress elementary school, which is scheduled for completion in time to be used next fall.

It is reported that the reinforcing steel, about which there existed some doubt as to prompt delivery, has been received and work is progressing nicely. The forms for one unit have been laid and when the floor is leveled off after the concrete is poured, it will be "watered" for approximately one week. While this hardening and curing process is taking place, the second unit will be started. By this process of alternating from one unit to the other, no time will be lost in construction.

Seat New Officers Centralia P-T.A.

With Mrs. Foster Warwick, recording secretary of 4th District P-T.A. as installing officer, Mrs. Carl Korn was seated as president of the Centralia Parent-Teacher association at a meeting of the group recently. Also seated were Mrs. Joe Ferguson, vice president; Mrs. Pauline Tidwell, secretary; Mrs. Ed Maahs, treasurer; and Mrs. Milam Williams, historian.

In conducting installation rites, Mrs. Warwick compared the P-T.A. to a large orchestra with the president as the conductor; vice president as the stringed instruments; the secretary as the wind instruments; the treasurer as the drums and the historian as the bass instruments. Each has its place in an orchestra, and by all being in tune with one another and working together, a harmonious melody will result. Each officer was presented with a gardenia corsage by the outgoing president who in turn was given a past president's pin.

It was voted to assist the eighth grade in buying a film slide projector for the school. This projector has been of great service in visual education classes.

Mrs. Mabel Heitman announced a get acquainted tea for all mothers who have children entering school for the first time in the fall. This will take place on Friday afternoon, May 21, in the school auditorium at one o'clock. A program will be presented and refreshments served.

The date for the school picnic was for June fourth at Irvine park. The P-T.A. will furnish the ice cream treats and soda pop. Graduation day was announced as June ninth and the opening of school in the fall as September 13.

William Moller, field Scout executive, told of the efforts to organize a Boy Scout troop at Centralia with several prospective Scout Masters available and announced a meeting for seven p.m. last Monday at the school house and invited all boys interested in Scouting to be present.

Miss Dorothy Bowie, Girl Scout executive of Orange county, spoke briefly of the Girl Scout organizations in the school and asked for leaders for the Brownie troops which has grown so large it must be divided. New leaders for the Girl Scouts troops will be needed when school starts in the fall.

Musical portion of the program was furnished by Elizabeth Van Hunick, who played "Twilight Reverie" as a piano solo.

Hostesses at the social interval were Mrs. Ed Maahs, Mrs. Ray Dillon and Mrs. Dwight Jahr.

Thyron Taylor of Cypress, Junior Roberson of Anaheim, and Kelsey Rennie of Los Angeles, spent last weekend fishing at Big Bear. The trio stayed in a cabin belonging to the latter, and used a boat owned by Taylor which they took with them to the lake.

Many of the newcomers to the community do not realize that there is a branch of the Orange County Free library in Cypress which is open three days a week and one evening for the convenience of the public. It is located in the center of town in the Cypress garage building and is open on Monday, Wednesday and Friday afternoons from 1 until 5 o'clock and on Monday evenings from 7 until 8 o'clock.

It was through the efforts of Mrs. Ray King, who realized the value of the opportunities afforded by a branch library, that it was established a little over ten years ago. Mrs. King has done her utmost to be of service to the borrowers of the books with the result that the number has steadily increased and she was given permission to remain open one night each week. On the shelves will be found books selected to meet all needs and in addition to popular fiction, may be found the new 1948 Almanac, books on psychology, health and exercise, aircraft, mechanics, hobbies and a number of biographies.

If the reader can not find the book he wants, he is urged to place a request with the librarian who will obtain it from the main library in Santa Ana. This service is especially valuable to returned servicemen who may be studying and need outside information. Late books and magazines can be acquired by request and are sent out on short time loans, but the more requests for a certain book, the longer it is allowed to remain in the library. At the state annual meeting of county librarians, Orange county was reported to rate among the highest in the state in the number of books loaned through requests, both in the fiction and non-fiction class.

New material is constantly being brought to the library by the county library truck which comes once a month to exchange books. Several classes in the Cypress school have come to the library in a group to borrow books and magazines, which has resulted in the parents becoming more interested in the reading habits of their children and in borrowing books for themselves.

Among the books recently received by the local library are: "Exile" by Buck; "The Robe" by Douglas; "Witch in the Wilderness" by Holdridge; "Too Many Cooks" by Stout; "Resurrection River" by Mowray; "Seven Slash Range' by Foster; "Their Own Country" by Hobart; "Spice Box" by Lutz and "Fielding's Folly" by Keyes.

There can also be found a wide variety of children's books for both the juvenile and teen-agers.

Buses Run From Los Alamitos To Long Beach Soon

Efforts of the Los Alamitos chamber of commerce to secure bus service to Long Beach have met with success, according to George Seidel who has purchased the interest of Guy Benton in the Benton bus lines.

Application for a franchise to extend the bus line, which operated between Los Alamitos and Bellflower, as far as the Long Beach Naval hospital where connections with the city buses serving the downtown shopping area could be made, have been on file for some time and the franchise was granted this week. Service will start on June first with four bus runs daily. Until the present time, persons wishing to go to Long Beach rode the bus to Bellflower and connected there with the bus to Long Beach, making a very circuitous route.

The Cypress chamber of commerce has also requested service for its residents, asking that the bus line be extended from H[illegible] ian Gardens to include [illegible]. Application for this extens[illegible] well as one from Norwalk to Bellflower through the subdivision Norwalk Manor, are also on f[illegible]

CALENDAR

Organizations wishing to have meetings or special [illegible] isted in this weekly calendar are invited to contact the office of the Enterprise with their information.

HOT ROD HEADACHE

Hardboiled insurance companies have decided not to spare the rod and spoil the child.

Pilots of hot rods—those cut-down, souped-up accidents looking for places to happen—are being spanked where it hurts: on the pocketbook. Using as a guide a recent accident survey which revealed that 25 per cent of all liability cases involve drivers 25 years of age and under, casualty companies have announced sharply increased rates for youthful speed demons.

Insurance premiums will be hiked on any california auto to be driven at any time by anyone under 25, whether it's a hot rod or the sedate family car.

The new rates may be a headache for hot-rodders—and their parents, but if they serve to reduce highway accidents, they'll be aspirin for innocent drivers coming the other way.

Labor disgraces no man; unfortunately you occasionally find men who disgrace labor. — Ulysses S. Grant, Speech at Arbitration Union, Birmingham, England.

HOW ABOUT IT, BOYS?

We can't help wondering what so-called "older boys" are using for brains these days. During the amateur show in the school auditorium at the P-T.A. carnival Friday evening a block of boys who no doubt like to be dignified by the title "older" boys made their presence known in a rather obnoxious way. We believe in lots of harmless fun, too, and think that "boys should be boys," but we wonder if their attitude might not have been slightly different if they had stopped to reason how their conduct was affecting the general public who were present?

There is in Cypress a recreational park that is being developed for the benefit of the community in general and a baseball diamond for the boys in particular, and many public-spirited fathers have worked hard on this project. Among the guests present at the carnival were doubtless men and women who are civic-minded but who have no growing children of their own. It is difficult to understand the reasoning of a group of boys in a crowd of parents and friends who had the opportunity to make a favorable impression toward their worthiness in any sort of community enterprise, and who missed a beautiful opportunity.

We know a motherless "older" girl who felt enough concern about her little sister's welfare in another school to inquire of the teacher as to the child's chances to advance to the next grade when school ends this year. We felt at the time that this teacher's answer was unfair and showed extremely poor taste when she retorted, "Children these days need more for brains than sawdust and marbles."

It was dark in the auditorium, and besides we would not know the boys if anyone told us who they were. Their parents and teachers were in no way to blame for their lively boisterousness in this instance, we feel. We can't help speculating, however, if another opportunity arises for a display of public relations between the boys and the contributors to community projects, if there won't be one or two future diplomats from their own ranks who will point out the error of their ways and thus help to reestablish a more favorable kind of reputation.

Junior Hostesses Of Club Plan To Entertain May 15

The Junior Woman's club met Wednesday in the rumpus room of the Ralph Ellsworth home on south Walker street. Hostesses for the noon pot luck were Mrs. R. A. Adams and Mrs. K. T. Beason.

During the brief business session, it was announced that $9.65 had already accrued in the bank of the "galloping basket" with the project to be continued for several months more. Proceeds will be turned over to the recreation park fund. The monthly entertainment for the husbands will take place on May 15 when a steak fry will be held in the patio of the home of the Leslie Brannans on Lincoln avenue.

Mrs. George Marshall was greatly surprised when members brought forth daintily wrapped packages which had been kept hidden, and placed them before her. These proved to contain articles for a baby layette. A pink and white color scheme was carried out in napkins and cake decorations, the latter being served with tiny sandwiches at the close of the afternoon.

Present were Mesdames John Lukens and daughter, Suzanne, H. R. Christianson and daughter, Lorry, Glenn Miser, R. J. Betke, George Costa, James Palmer, Howard Minnick, Benny Pugh and daughter, Jellinda, Lawrence Gaylord and sons, Larry and Randy, Dubert Laird, Leslie Brannan, Norville Chapman and daughter, Jayne, R. A. Adams, and K. T. Beason and son, Jimmy.

Community Club Enjoys Social Meet

The spacious home of Mrs. Richard Hathcock on DeLong street was the meeting place for the Cypress Community club yesterday afternoon. Co-hostess with Mrs. Hathcock was Mrs. Russell Flynn.

Introduced as guests for the afternoon were Miss Bernadine Strempel, Mr. C. L. Wicker, Mrs. C. Smith, Mrs. M. R. Bouse, Mrs. Louis Wlaschin, Mrs. Carl Sanders, Jr., and Mrs. James Moss.

Mrs. Emily Fernandes reported on the recent visit of the hospital committee to the old men's ward at Orange county hospital bringing them fruit, cigarettes and doughnuts. Appointed to make the visit this month were Mrs. A. E. Arnold, Mrs. M. A. Williams and Mrs. Fernandes, the latter making the trip almost every time to bring cheer to a Mexican patient who speaks only Spanish.

Two readings were given by Mrs. M. A. Williams after which Mrs. Dessie Rodabaugh of Buena Park entertained. Mrs. Pauline Mester was winner of the mystery prize. The serving of strawberry shortcake and hot beverages concluded the meeting.

The next meeting was announced for June eighth at the home of Mrs. Murton Jones with Mrs. Arthur Collins and Mrs. Lilly Carpenter as co-hostesses.

Local 4-H Club Win Prizes In Fair At Orange

Meeting Monday night in their club house at the Carl Korn home on Ball road, members of the Korn Huskers made reports on the 4-H club fair which took place last Saturday on the Farm Bureau grounds in Orange.

A number of the group had entered their projects and won awards. First place in the junior doe division went to Harold Tidwell; second place in the same division went to Ronnie Korn; the white Leghorn pullet of Carline Korn won her a first place award; second place for her young trio of New Hampshire red chickens was won by Barbara Galloway; the fine big red rooster of Alvin Mills, club president, was awarded a first prize.

A number of the club members are making plans to attend 4-H camp which will be held at Camp Radford in the San Bernardino mountains June 15-19. The next meeting of the group will be a picnic, the destination of which is as yet undecided. Door prizes of garden tools were won by Alvin Mills and Billie Marie Tidwell.

Refreshments of jello, fruit punch and cookies were served by Barbara Galloway and Billie Marie Tidwell.

THIS 'N THAT

Indications are that an increasing number of navy veterans are desirous of two weeks' active training duty this year. In view of the impending heavy load of reserve aviators expected at the Naval Air Station, Los Alamitos, for training duty, the Naval Air Reserve Training Command has authorized an addition to the full time enlisted aircraft maintenance personnel. If approved, such personnel will be assigned to full-time duty until June 30 in the appropriate division of the Aircraft maintenance department so that their daily output can be fully utilized in reducing the aircraft maintenance load. All aircraft rates are needed, and may make application even though the applicant has previously served a two weeks' period of active duty. Billets are also available on a part time basis in the Organized Reserve for both enlisted men and pilots in the fighter squadrons at Los Alamitos.

Mrs. Dan Mackay Feted At Double Celebration Sunday

Last Sunday was the cause for a double celebration in the Dan Mackey home on La Homa street, for it was not only Mother's Day but the birthday anniversary of Mrs. Mackay as well.

Family members gathered in the pleasant back yard where steaks were cooked over the grill. A Mother's Day cake and a birthday cake were served for dessert.

Attending the double celebration were Mr. and Mrs. Winfield Mackay, Mrs. M. Hecker and Bob Hecker, all of Long Beach; Mr. and Mrs. Raymond Mackay and children, Tony and Judy, Mr. and Mrs. Edmond Mackey of Pomona; Mr. and Mrs. Sherman Mackay and son, Michael, Warren and Russell Mackey and Mr. and Mrs. Mackay all of Cypress.

Later in the afternoon the group was joined by Mr. and Mrs. Fred Mackay and son, Kenneth, Mr. and Mrs. Milton Herold and daughter, Linda Jo, of Cypress and Miss June Hokanson of Anaheim.

Friends Surprise With A Shower For New Mother

Inspired by the news of the adoption of a six months old baby boy by Mr. and Mrs. Carl Sanders, Jr., Mrs. Haskell Kelley and Mrs. Gerald Kelley planned a surprise shower in their honor last Wednesday night. Guests gathered at the Gerald Kelley home and proceded in a body to the Sanders home on Crescent street to surprise the new mother.

A number of articles useful in the nursery as well as articles of clothing suitable for little boys were showered on Mrs. Sanders. One very useful gift was a Taylor Tot and pad which was the combined gift from several of the guests.

A dessert course was served by the hostess duo to the guests who included Mrs. C. Sanders, Sr., Mrs. Louis Wlaschin, Mrs. Otho Switzer, Mrs. Bessie McCoy, Mrs. Marc Wright, Mrs. Frank Noe, Mrs. Richard Hathcock, Mrs. Dean Olmstead, Mrs. Christine Carden, Mrs. Ray O'Halloran, Mrs. A. E. Arnold, Mrs. Robert Hoyt, and Mrs. Jack Junker.

Sending gifts although not present at the party were Mrs. Earl Essex, Mr. Russell Flynn, Mrs. Arnold Holborrow, Mrs. Fred Walley, Mrs. Willard Essex and Mrs. Sarah Laden.

CAN YOU SOLVE THIS EASY PUZZLE?

Only 2 Poppies are the same! Can you find them?

LOOK AT THE PICTURES OF THE POPPIES ABOVE. They're California's State Flower. Study them carefully. Select the two you think are exactly alike! After making your selection, fill in the coupon in the lower right hand corner of this page and mail it immediately to Editor, Poppy Game, Press-Telegram Publishing Co., Long Beach 12, Calif.

If you succeed in finding the two poppies exactly the same, we will give you 150 points and send you full particulars of this interesting contest so that you can learn how to earn the necessary points to win the NEW 1948 PACKARD SEDAN or the NEW 1948 PONTIAC TORPEDO SEDAN or any one of the other big prizes.

200 points wins First Prize; 199 points wins Second Prize and 198 points wins Third Prize. The next 10 winners will receive a genuine Dormeyer Food Mixer; the next 20 winners win a smart, new RCA Portable Radio, and the next 17 winners will receive their choice of either a Sunbeam Toastmaster or a Brunswick Bowling Ball.

Everyone who qualifies will be presented with a useful Kitchen Pastry Kit regardless of whether he wins one of the 50 major prizes. Any man, woman, boy or girl residing within the boundaries shown on the official map at the left and who is not an employe of the Press-Telegram or a member of a Press-Telegram employe's family, is eligible to enter. All entries must be submitted on the coupon at right. Be sure to print or write plainly. An entire family may take part in this game, but only one prize will be awarded to any one household and only one prize can be won by any one contestant. A committee of five civic leaders, not connected with the Press-Telegram, will be named to determine the winners. In entering this contest all participants agree to accept the judges' decisions as final.

This contest officially started Sunday, May 9, 1948, and closes at 12:00 midnight, Wednesday, June 30, 1948. All entries postmarked later than the closing date and hour will be judged ineligible. Prizes will be awarded within two weeks after the closing date of the contest.

Mail your answer today! Promptness may also win for you the beautiful new PHILCO TELEVISION SET shown at the right!

IMPORTANT

All persons (except those excluded in the rules as set forth herein) living within the boundaries of the official map shown above are eligible to enter.

(Copyright 1948, J. E. Flaherty.)

Genuine Philco Television Set!

Enter NOW! If your entry is postmarked before 12:00 midnight, May 24, 1948, and you are declared winner of the First Prize, you will receive, in addition to the new 1948 PACKARD SEDAN, a beautiful new PHILCO TELEVISION SET. If the prize winner fails to qualify for this special award, the next highest prize winner qualifying will be declared the winner of the PHILCO TELEVISION SET.

Editor,
Poppy Game,
Press-Telegram, Long Beach 12.

Following are the numbers of the two Poppies which I believe to be exactly alike: No._____ No._____

If the above numbers are correct, please credit me with 150 points and send me information explaining how I may obtain the final 50 points.

MRS. OLIVE WILLIAMS PHONE AN 2-8279

The state highway patrol has been busy in Cypress the last few days. On Saturday several arrests were made of drivers in private cars speeding through town.

Mr. and Mrs. James M. Harvey and Jimmy will motor to Santa Barbara next Saturday, May 16, to be present at the graduation exercises of the Knapp College of Nursing. Miss Lois Jane Harvey has completed three years' of nurses' training and will be graduated with the present class.

Ray King is reported as being very ill in the hospital with virus pneumonia.

Mr. and Mrs. Howard Decker have as their guests this week, the latter's brother and sister-in-law, Mr. and Mrs. Lester Smith of Houston, Texas.

The annual trip of the graduating class of the Cypress school to visit the zoo in San Diego took place on Wednesday, the trip being made on the streamliner. School was dismissed for the day in order that the teachers could make the trip. Mrs. James Duncan and Mrs. Luther Head, 8th grade room mothers, also accompanied the group.

The 500 Club journeyed to North Long Beach Saturday night to play at the home of Mr. and Mrs. Bill Watson. Showing their superiority in playing cards, the women carried away all the prizes. Mrs. Pierce Ausburn had high score, Mrs. Ralph Scally, second; Mrs. Bill Johnson, third; and Mrs. Len White, fourth.

Spending Mother's Day with the Percy Coffmans' were their son and his family, Mr. and Mrs. Murray Coffman and daughters, Lynn and Carol of Riverside.

Mr. and Mrs. Clarence Tanner, who have been spending the past two months in Denver, have returned home. While away, Mrs. Tanner underwent a major operation.

Sunday guests of Mr. and Mrs. Paul Galloway were the latter's mother, Mrs. Mamie Mason of Long Beach, and her brother and sister-in-law, Mr. and Mrs. Frank Mason of Wilmington.

Mr. and Mrs. Walter Nabower, accompanied by Mrs. Nabower's mother, Mrs. Sarah Miller, left Saturday with their house trailer to spend some time in Arizona visiting friends and relatives.

Mr. and Mrs. Arthur Collins and children, Neal, Noel, Michael, and Vickie, in company with their uncle and aunt, Mr. and Mrs. F. R. Munger of Inglewood, and Mr. and Mrs. A. E. Boston of Los Angeles, spent Sunday picnicking at Griffith Park in Los Angeles. While there they took in the zoo and the planetarium.

Mr. and Mrs. H. E. St. Claire, 8792 Cypress avenue in the Cypress Manor tract, are the parents of a son born on May 6 in St. Mary's hospital in Long Beach. The baby, who weighed seven pounds, ten ounces at birth, was named James Edward, and is the third child in the household. The father, who is in the U. S. Navy, came down from Bremmerton, Washington, for the occasion.

Mrs. Norville Chapman left on Tuesday for Sacramento where she is attending the California Congress of Parents and Teachers as a delegate from the local P-T.A.

Guests entertained at dinner on Thursday at the A. H. Strempel home were Mr. and Mrs. Harry Bartley of Long Beach, brother-in-law and sister of Mr. Strempel, who were celebrating their wedding anniversary.

Mrs. Wilton Abplanalp and her daughter, attended the recent annual three-day celebration of the California Polytechnic school in San Luis Obispo.

Mr. and Mrs. Charles Vanderzee are planning to leave soon on an extended trip to Holland to visit relatives. The father of Mr. Vanderzee is 87 years old and his great desire is to see his son again before he dies. The Vanderzees will drive to New York in their new car which will be shipped across with them in order that they may have transportation after their arrival. Plans are for a four months stay, and their son, John, will take care of their dairy during their absence.

Mr. and Mrs. Kenneth Young and son, Dale, are enjoying a 30-day vacation which will take them to Washington and Oregon. They are spending the first week in Vallejo visiting M-Sgt. and Mrs. Ronald Carnahan at the Fairfield-Suisun Air Base where Mr. Young was stationed while in the service.

Mr. and Mrs. Calvert Norland and son, Eric, drove up from San Diego Saturday to spend Mother's Day with the former's parents, Mr. and Mrs. Clarence Norland.

Dr. and Mrs. M. H. Damron and Mr. and Mrs. Elmer McWilliams spent Mother's Day in Huntington Park at the home of Mrs. Reumah Damron, mother of the doctor.

Little Charlee Arnold is recovering from a very severe case of the measles.

An intimate little group of friends were entertained at dinner on Saturday night by Dr. and Mrs. M. H. Damron. Covers were laid at the attractively appointed table for Mr. and Mrs. M. G. Hunt, Lakewood Village; Mr. and Mrs. Dan Williams, Buena Park; Mr. and Mrs. Elmer McWilliams and the hosts, Cypress.

Bonita Scott, who has been a patient in Fullerton hospital following an accident in which the car in which she was riding was struck by a street car, killing her uncle, Carl Hartog, has improved sufficiently to return home.

The first girl in a family of five children was born on May 7 in Anaheim Community hospital to Mr. and Mrs. Arnold Gerber, 8681 Moody street. She weighed six pounds 14½ ounces.

Your Kitchen Counsellor

by LOUISE THOMAS

Southern Counties Gas Co., Home Service Director

DINNER IN A DISH

A well filled casserole is the backbone of a well balanced meal and one that is economical too, for the fillings need not be costly to be of good taste. Remember, the bigger the casserole the better since you will want plenty of room for vegetables to cook along with the meat, spare room for a flavorful sauce, and room too for second helpings.

Nothing goes to waste if there is a casserole in the kitchen. As a leftover collector and transformer it is unsurpassed. A little magic with seasonings will produce a dish that calls for those second helpings.

Here are some casserole dishes that start from scratch.

BEEF AND SAUERKRAUT CASSEROLE
(Serves 6 to 8)

- 3 lbs. short ribs or brisket of beef
- 2 tsp. salt
- Pepper and paprika
- 2 Tbsp. salad oil
- 3 onions, minced
- 3 C. sauerkraut
- 1 C. water
- 1 C. tomato sauce

Cut meat into serving pieces. Season and brown in salad oil. Transfer meat to large casserole. Sauté onions in pan drippings. Add sauerkraut, water and tomato sauce. Bring to a boil and pour over meat. Cover and bake 350° oven for 1½ hours or until meat is tender.

MEATBALL CASSEROLE
(Serves 6)

- 1 lb. ground beef
- 1 Tbsp. minced onion
- ½ C. uncooked rice
- 2 tsp. baking powder
- ½ tsp. basil
- ½ C. grated Italian cheese
- 1½ tsp. salt
- ¼ tsp. pepper
- ¾ C. milk
- 2 Tbsp. salad oil
- 2 cans tomato soup
- 2¼ C. water
- ¼ tsp. Worcestershire sauce
- ½ C. chopped green pepper
- 1¼ C. cooked vegetable

Mix first nine ingredients and shape into small balls. The mixture will be quite soft. Brown a few at a time in the salad oil. Place in casserole. Mix remaining ingredients except vegetable. Pour over meat balls. Bake, uncovered in 400° oven for 35 minutes. Add cooked vegetable, cover and bake 35 minutes more.

SPANISH CODFISH (Serves 6)

- 1¼ lbs. cod fillets
- 1 Tbsp. salad oil
- 1 medium onion, sliced
- 1 clove garlic, minced
- 2 small potatoes
- ½ C. stuffed olives
- ½ C. fresh peas
- 1 C. tomato sauce
- ⅛ tsp. cinnamon
- ⅛ tsp. pepper
- ¼ tsp. salt
- 1 C. hot water

Cut cod into serving pieces and season. Brown onion and garlic in salad oil. Slice potatoes and olives. In a shallow casserole arrange alternate layers of fish, potatoes, olives, peas, onion and garlic. Make a sauce of the remaining ingredients. Pour over fish mixture. Cover and bake 45 minutes in 350° oven. Uncover and bake 15 minutes more.

VEAL AND NOODLE CASSEROLE (Serves 4)

- ½ package wide noodles
- 1 lb. cooked veal
- 2 Tbsp. flour
- ½ tsp. salt
- Pinch of pepper
- 2 Tbsp. salad oil
- 3 Tbsp. chopped onion
- 1 C. mushroom soup
- ⅔ C. water
- ½ C. sour cream
- ½ tsp. paprika

Cook noodles in boiling salted water until tender. Cut veal into serving pieces. Dredge in seasoned flour. Brown veal and onion in oil. In a casserole, alternate layers of veal and noodles. Heat remaining ingredients for sauce and pour over noodles and veal. Bake in 325° oven for 1 hour. Cook uncovered last half hour.

SHRIMPARONI (Serves 8)

- 9 oz. package macaroni
- 2 Tbsp. margarine
- 2 Tbsp. flour
- ½ C. milk
- 1 Tbsp. chopped onion
- 2 tsp. curry powder
- ¾ tsp. salt
- 1 C. grated cheese
- 1 lb. shrimp

Cook macaroni in boiling salted water until tender. Drain. Make a cream sauce of magarine, flour, and milk. Add seasonings. Combine macaroni and sauce with cheese and shrimp. Pour into casserole and bake in 350° oven 30 to 35 minutes.

KIDNEY-BEAN CASSEROLE
(Serves 6 to 8)

- 6 slices bacon
- 1 onion, minced
- ¼ C. chopped green pepper
- 4 C. cooked kidney beans
- 1 tsp. chili powder
- 1 tsp. salt
- 1 tsp. dry mustard
- 3 Tbsp. molasses
- 2 C. cooked tomatoes

Fry bacon crisp. Drain. In the bacon fat brown onion and green pepper. Add beans, seasonings, and tomatoes. Crumble crisp bacon and stir into mixture. Pour into casserole. Bake in 400° oven for one hour.

GARDEN HINTS

(Prepared by Orange County Nurseryman's Association)

Rose bushes in the southland are threatened by five major nuisances; Aphis, thrip, rose scale, mildew, and rust. A little intelligent care, however, will serve as protection against these enemies.

Aphis is a sucking insect that infests the leaves, tender stems and buds. These pests are easy to kill with contact insecticides but are so numerous that the gardener must be careful to spray all the infested plant parts. Aphis will reinfest a sprayed rose in a few days so that frequent spraying is necessary. Rotenone, nicotine sulphate or pyrethrum will control it. When using any spray material follow carefully the manufacturer's directions.

Rose thrips are most difficult to kill since they are minute in size and feed inside the buds. Contact insecticides will kill them if they can be reached. However, only a few spreaders on the market will carry the insecticide into the buds. Spray with rotenone and spreader or pyrethrum and spreader for the best results. Persistence and thoroughness is essential in fighting this pest. Thrips make rose petals turn brown before the flower can unfold.

Rose scale is a small, white, round scale that can kill the plant unless you control infestation. Look for the white dots a little smaller than a pin head along the stems from the root crown upward. At this time of year spray with 2 per cent solution of good oil emulsion. When the roses are dormant, concentrations as high as 5 per cent oil emulsion are safe. Rotenone added to the oil spray will increase its effectiveness and will allow the use of small amounts of oil. Too frequent applications of oil can injure the plant. Two scale sprays during the summer months should be sufficient.

Mildew and rust; those two fungi cause much damage to roses. Mildew gives the leaves a white, powdery coating, while rust causes reddish to brownish spots on the lower sides of the leaves. Several fungicides are manufactured which will control these pests. Ask your nursery man to recommend them and try them until you have found the one which gives you the best results.

Get your happiness out of your work, or you will never know what happiness is.

* * *

The London Times originated a column which it called the agony column. And it was considered so important that it was printed in the second column of the first page. In it were advertised all kinds of personal troubles and difficulties.

* * *

Bible lore: Before you give up faith due to discouragement read Hebrewe 12.

The "tin" mentioned in the Bible was really a copper alloy known as early as 1600 B.C.

* * *

Gypsy stuff: "A child born within 24 hours of the new moon will be fortunate and live to a good old age."

* * *

Some oil wells are now more than three miles deep.

* * *

The highest reward for man's toil is not what he gets for it, but what he becomes by it.—Ruskin.

* * *

Instead of the usual "Hello" when answering the telephone, try some of the following greetings and salutations—

"Water Department" — Which drip are you calling.

"Heaven" — Which angel do you want?

"This is Kroesen's jail" — Who in the cell do you want? (You substiute your last name to suit.)

"This is Smiths' Dormitory" — Who in the hall do you want? (Dit-to for Smith.)

* * *

Life lines: Only fools disregard safety rules.

* * *

A man who puts aside his religion because he is going into society, is like one takng off his shoes because he is about to walk on thorns.—Cecil.

* * *

Tricks of the trade: Comes a news item from an eastern paper. Using a special ink, the Detroit News the other day printed a full page advertisement of a clothier announcing his new line of spring coats — and the scent of spring suffused the readers' nostrils as they turned to the ad. But down in the pressroom the ink' odor was so heavy it made some of the pressmen ill.

* * *

The clean story club: Little boys do ask the darndest questions. One asked his father, "Where did I come from, Daddy?" The boy was very attentive, during the involved explanation, and when his father finished he asked the child, "What made you ask, son?"

The little fellow was playing with an airplane model and casually replied: "Oh, nothing particularly, except I heard the new boy at school say he was from Detroit, and so I wondered where I came from."

LOS ALAMITOS

The Ray Cue home on Howard street has been leased by Mr. and Mrs. W. Reich, formerly of Long Beach. At present, the Cues are living at Long's Trailer park but expect to leave soon on an extended trip to Nebraska.

Mr. and Mrs. Frank Watte, parents of Mrs. Camiel Pattyn, left recently for an extended visit to Belgium. The trip was made by air.

Boy Scouts, with their new Scout Master, Ray Oliver, and committeeman, A. M. Mitchell, attended the camporee held on the campus of the Fullerton high school recently. Making the trip were Lloyd Mitchell, George Enneman, Fred Robinson, Richard Mehren, Harold Crittenden, Sonny and Smoky Ard, Ronald Hawkins, Johnny De Bruyn and Reinhart Meyers.

It has been reported that everything is in readiness for the long hoped for bus line between Los Alamitos and Long Beach Naval Hospital. The necessary papers are in the office of the Public Utilities committee for approval and as soon as that is obtained the buses will begin to operate.

The Seal Beach Post and Wave is compiling a business and residential directory of Seal Beach and Los Alamitos. The members of the Fireman's Auxiliary have been assigned the task of canvassing the residential area for the necessary information.

E. P. Robinson has been granted a permit to move in a 20 x 46 foot building on Los Alamitos boulevard near Florista to be used for a retail business building. The building will be entirely remodeled into a modern structure and 20 feet will be added on.

A $3630 home is being built on Farquhar St. for Charles McGary.

The wiener bake at Anaheim park last weekend was attended by 79 persons when the Cub Scouts, under the leadership of Marvin Smith, entertained their parents. A number of contests were enjoyed in which a Cub competed with a member of his family. A number of boys were surprised to find his mother or father could outrun him.

A luncheon honoring the birthday anniversary of Mrs. G. A. Hills took place at the home of Mrs. Grace Johnson on a recent afternoon. In addition to the honor guest, present were Mrs. August Labourdette and Mrs. Clarence Gunning.

In order that she may operate the dairy interests of her late husband, Edmond Vandermaele, who died May third, Mrs. Hortensia Vandermaele has been issued special letters of administration. Average monthly receipts of the dairy aggregate $15,000, Mrs. Vandermaele explained to presiding superior judge Raymond H. Thompson, in applying for the letters.

Friends of Mr. and Mrs. R. J. Buncroft of San Fernando have received announcement of the birth on April 21 of a seven pound nine ounce son whom they have named Richard Paul. The Buncrots are well known in Los Alamitos where they lived for a number of years at 570 Howard street.

Due to a change in dates of the instructor, it was necessary to dicontinue the first aid class started by the Fireman's Auxiliary.

Sidney Oliver Bryan left Wednesday for Milwaukee, Oregon, to visit at the home of his daughter, Mrs. Donna Van Auken.

Auxiliary In Alamitos Plans Blanket Club

Several distinguished visitors were present for the meeting of the American Legion Auxiliary recently. Mrs. Vera Burry of Huntington Beach, was present to install Mrs. Paul Beeman as secretary and Mrs. Ray Oliver, Sr., as historian, both offices being left vacant by resignations. Others present were Catherine Allen, district secretary; Dagmar Schmidt of Seal Beach, district by-laws chairman; Blanche Summerfelt, county council musician; Florence Robinson, president of the Huntington Beach unit; and Mrs. M. Meachan, past president of the Seal Beach auxiliary.

Final plans were made for the benefit dinner which was sponsored by the group on Thursday, April 29, at 7 p.m. in the Laurel school, proceeds to be used for welfare and community betterment programs. In addition to entertainment, Ethel Marsh, past president of the state auxiliary, and now chairman of Girls' State, spoke on work of the auxiliary and child welfare in particular.

It was decided to begin another blanket club in the near future to raise funds for the activities of the group.

Safety first in a bottle is what you might call the liquid this young lady is painting on the back of a rug. It is Rugback, a development of United States Rubber Company. After drying for an hour, it forms a tough, flexible, transparent rubber film that keeps the rug from slipping without sticking it to the floor. It also seals in the loops of hooked rugs and prevents rug curling.

Badges In Public Speaking For Scouts

New officers for the Laurel Parent-Teacher association were seated recently in installation ceremonies performed by Linton T. Simmons, county superintendent of schools. Mrs. Cleo Ard succeeds Mrs. M. S. Fanning as president with Mrs. G. T. Gaa as vice president; Mrs. John Houston, secretary and Mrs. M. L. Smith, treasurer.

Named as committee chairmen by the new president were: program, Jack Weaver, school principal; publicity, Mrs. Thelma Vanderleek; hospitality, Mrs. Cleo DeWitt; membership, Mrs. A. M. Mitchell; summer round-up, Mrs. Louis DeLeon; room mother chairman, Mrs. H. W. Hawkins.

Earning their badges in public speaking, Fred Robinson and Sonny Ard of Troop 17, which is sponsored by the P-T.A. talked on their Scout activities and trips made recently by the troop.

Mrs. M. S. Fanning was presented a past president's pin by Mrs. Cleo DeWitt as a token of appreciation for her leadership the past year.

Following the installation, Mr. Simmons spoke to the group on "Public Schools" and urged the parents to visit the class room of their children to familiarize themselves with what is being done by their children. He stated that our schools are what the public makes them. Refreshments of doughnuts and coffee were served by Mrs. Houston, retiring hospitality chairman, who had the assistance of the Camp Fire girls.

Cleo DeWitt presided at Thursday's meeting of the chamber of commerce in the absence of the president. Glen Murray, Albert Brown and Edward Allen were appointed on a committee to look into the cost of curbs and gutters for the south end of Los Aalamitos.

Surprise Norlands In New Home Here Saturday Evening

A housewarming party planned as a surprise for Mr. and Mrs. Dan Norland took place Saturday evening in the newly completed apartment of the couple which is located over Mr. Norland's place of business on Lincoln avenue. Planning the surprise were Mrs. Ed Higgins, sister of Mr. Norland and Mrs. Gordon Worrell of North Long Beach.

After the guests had inspected the new home and the Norlands had opened their many lovely gifts the group went downstairs where bingo and cards were enjoyed. Refreshments of sandwiches and coffee were served at a late hour to the guests who included, Mr. and Mrs. Calvert Norland and son, Eric, of San Diego; Mr. and Mrs. Dorien Brown of Anaheim; Mr. and Mrs. Emmett Breed, Buena Park; Mr. and Mrs. A. E. Arnold, Mr. and Mrs. Elmer McWilliams, Mr. and Mrs. Clarence Norland, Mr. and Mrs. Harold Pugh, Mr. and Mrs. Gene Kelly, George Konig, Mr. and Mrs. Elio Ronconi, Mr. and Mrs. Clyde Day, Raymond Oelke, Bob Valentine, Mr. and Mrs. Ed Higgins, Mr. and Mrs. Gordon Worrell and the Norlands.

Sports--

Lee's Cypress cafe's shuffleboard team met the Sidepocket Recreation's team in a matched game of a 7-man team on Thursday evening, May 13. On May 20 a return engagement will be played, at Lee's Cypress cafe. The team who is victorious four out of seven games will be declared the winner. A great deal of interest and enthusiasm is being shown in this contest, and spectators are welcome.

Unusual Situation Allows Husband As Guardian of Wife

Frank M. Fagundes, Jr., has been officially appointed as his wife's guardian by presiding superior judge Raymond H. Thompson, but no ruling was made to give him any extra authority other than he assumes as head of his household.

The peculiar situation developed in this way. Mrs. Mary Fagundes, the wife, is only 17 years old and as a minor cannot sign any legal documents. The couple wanted to buy a home at 5542 St. Ann street, Cypress, but could not do so until the wife could sign the contract. By the ruling of Judge Thompson, Mrs. Fagundes can sign the papers with her husband as guardian.

Fagundes is a recently discharged World War II veteran and his wife is the daughter of Mrs. Palmira Leonardo of Artesia.

THIS 'N THAT

Antiques valued at more than $7,000,000.00 (7 million) will be gathered by dealers from all parts of the country for display at the third annual West Coast Antiques show scheduled for the Pan Pacific Auditorium, Los Angeles, for six days starting May 26. Officials of the spectacular annual event estimated the 90,000 items to to be exhibited would exceed the seven million dollar mark. The show will open Wednesday, May 26th, at eight p.m. and will continue daily through Memorial Day, May 31st.

Camping in major parks and beaches of the California park system during the peak summer periods will be restricted to two weeks. This has been made necessary by the tremendous increase in volume of attendance at state parks. It is felt that parks and beaches are recreational areas for the enjoyment of the greatest number and to accommodate the greatest possible number in the more popular parks, it will be necessary to establish time limits for camping. Futher information may be gained from the State division of beaches and parks, 1211 16th street, Sacramento.

The flying farm hand is here to stay. So say farmers in 34 states who now rank the airplane alongside the tractor and reaper. Planes are used nowadays for four of six operations in producing farm crops. They dust and spray, sow seeds, spread fertilizer, and control weeds. California is far and away in the van of the farming plane movement. Two years ago a tomato grower near Sacramento took ten days with a ground spraying rig to dust arsenic compound on a 40-acre tract. Last summer he hired a crop-dusting airplane which did the job in one hour. 20 men worked a week spray-Sowing seeds by plane is already ing 600 acres of grapes. The following year a plane sprayed the same acreage in less than one day. sowing seeds by plane is already firmly established in California's rice fields; last year nearly 99 per cent of the 140,000 acre rice crop was seeded from the air.
